leap year

FOR NEW AND RETURNING MEMBERS

This year is proving to be challenging for public safety, healthcare, businesses, non-profits, and the community at large. Our board believes now is the ultimate time for everyone to come together without causing any financial hardships on those that support our organization. We have decided to offer **free annual memberships** to all new and returning members for the remainder of 2020, in the hopes of providing a source for our community members to lend a helping hand without any financial output. If you are interested in joining us in our mission to support our communities and public safety agencies, please complete the below confidential Google form.

Our club has been busy this week orchestrating a large scale acquisition of hand sanitizer for ALL law enforcement agencies in need within Solano and Yolo Counties. This was made possible by a \$5,000 donation from [Travis Credit Union](#); medical grade sanitizer bottles donated by [Genentech](#); and production of sanitizer by [Heretic Brewing Company](#). We are so thankful for the support of local businesses to make this possible. We will be delivering sanitizer to all the agencies in need starting Friday-socially distanced, of course!

COMMUNITY NEWS

See what our local first responders are doing in our communities and what our communities are doing for our first responders.

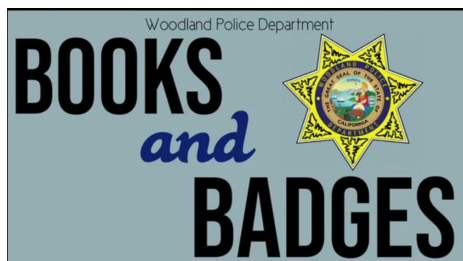

We are all in this TOGETHER!

Winters Police Department and Winters Fire Department continue to support local businesses by picking up take-out meals from a different local restaurant each day. Can you spot canine Kepi in this photo from [Winters PD](#)?

Northern California breweries and distilleries are stepping up to fill the demand for hand sanitizer, and many are making sure their hot, new product gets to first responders. Among these distilleries are Yolo County's new [Patio29 Spirits Company](#), and Solano County favorite, [Heretic Brewery](#), who has been prioritizing orders for local first responders and hospitals. LOCAL BUSINESS SPOTLIGHT

*Code Three Fire and Safety units on the flightline, April 2020
Travis Air Force Base, Fairfield, CA*

Code Three Fire and Safety is the best source for residential, industrial, and commercial fire protection services in the North Bay and East Bay region. We specialize in **fire extinguishers, commercial fire suppression systems, fire sprinkler systems**, fire hydrant testing, and hydrostatic testing. We have nearly 25 years of experience and a reputation amongst our thousands of satisfied clients for offering reliable, premium-quality fire protection services at fair and competitive prices.

We're members of the California State Firefighters' Association (CSFA), National Fire Protection Association (NFPA), and California Fire Chief's Northern Division, which keeps us current on all of the fire protection industry's newest standards and best practices.

Because most of our staff volunteers for a local fire authority, we know first hand what can happen when a fire gets out of control. As a result, we believe that everyone should know what to do in the

event of a fire. That's why we include **on-site fire safety and prevention training** as well as hands-on fire extinguisher demonstrations with all of our services at no additional cost.
