

100 Club Scholarship Essay

Change is something that I have experienced only a few times in my lifetime. One of the biggest changes I have ever had to face was when I transitioned from a normal elementary school, to a paramilitary alternative school. Entering the Public Safety Academy was the most thrilling and exciting experience of my life so far. I was ready to take on the uniforms, the morning and afternoon formations, and the overall structure of the school. However, I also didn't know what to expect. Will I make new friends? Will all my teachers be loud and angry? If you asked the cadet I was in the 5th grade if I would have made it to the end, I would have not known how to answer that. However, it was during my time at the Public Safety Academy that I have grown, overcome adversity, and overall developed as a person. In the 7th grade, my father got colon cancer and miraculously survived. In the 10th grade I discovered my true passion of public speaking and hosting events . In the 11th grade I overcame depression and found Christ as my Lord and Savior. All these events have defined and shaped me into the person I am today and I will forever be grateful for all those experiences.

I now plan to attend Baylor University and pursue a degree in marketing. I then plan to pursue my education even further and earn a master's degree in business administration. I want to pursue a career in broadcasting and use my public speaking skills to build my own platform and serve as an inspiration to those who look up to me. Eventually, I want to own my own broadcasting company or talk show and become truly independent. In the same process I want to get married and create a family.

This scholarship is very important to me because I want nothing more to pursue an education, and I don't want expenses and costs to become a hindrance to achieving my dreams.

This scholarship will contribute to my success, and I am grateful for any amount of money I receive as it all adds up and gets me closer to pursuing my education. I appreciate the fact that the 100 Club is dedicated to the Public Safety Academy program, and I want to be an example of a true product of a dedicated Public Safety Academy cadet. It will not be a regret to provide me with this scholarship.
